

The International Symposium on On-Line Testing and Robust System Design (IOLTS) is an established forum for presenting novel ideas and experimental data on Online testing techniques and, more generally, to design for robustness, Design for Reliability, and Design for Security.

For its 30th anniversary, the 2024 edition of IOLTS is organized by *Inria - Centre of Rennes University* and will be an in-person-only event from 3 to 5 July in Rennes, Bretagne, France.

You are invited to participate and submit your contributions to IOLTS'24.
